

PULASTIC® SP LINE

HIGH-END SPIKE PROOF SPORTS FLOORS PROVIDING EXCELLENT COMFORT AND SAFETY

PULASTIC®
SPORTS FLOORING

A SIKA BRAND

SPIKE-RESISTANT MULTIFUNCTIONAL SPORTS FLOORS

THE DREAM OF EVERY SPORTSMAN

More injury-free training hours, higher performance levels. Pulastic® SP is a spike-resistant, safe and comfortable indoor athletics surface that also meets the requirements of the demanding sportsman in other indoor sports. Pulastic® SP has been utilized for more than 25 years in sports facilities all over the world.

THE ADVANTAGES OF THE PULASTIC® SP LINE

- Spike-resistant /suitable for intensive track and field activities with (indoor) spike shoes
- The mechanical characteristics of the top layer are unequalled. The floor can bear a weight of 25 kg on 1 mm² for 5 minutes. These exceptional properties have been proved in various studies.
- Comfortable, safe and developed for high-performance
- Provides required and desired shock absorption, energy restitution and stability
- Optimum grip and sliding properties
- Suitable for all indoor sports
- Unique composition that can bear heavy loads
- Multifunctional in use
- Durable, seamless and easy to maintain
- Worldwide experience and recognition
- Water based sealcoat for maximum indoor clean air protection during use
- Pulastic® sport floors are manufactured under ISO 9001 for quality management, ISO 14001 for environmental care and ISO 26000 for corporate sustainability

SPORTS, TRADE FAIRS AND CONCERTS

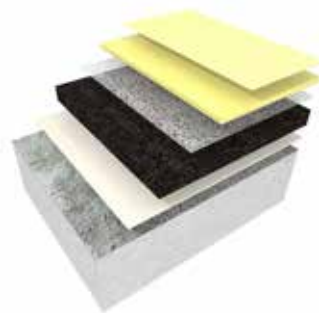

Pulastic® SP can bear very heavy weights, for instance forklift trucks, heavy

equipment such as podiums and stands, as well as large numbers of visitors. This makes a venue with a Pulastic® SP floor ideal for concerts, trade fairs and large-scale events.

SEAMLESS, VERY STRONG AND INDESTRUCTIBLE

The strength of Pulastic® SP lies in its unique composition.

- A highly elastic shockpad of rubber granulate with a standard thickness of 10 mm and optional in 12 mm thickness
- This shockpad is bonded to the subfloor with a solvent free adhesive
- Then the seamless, polyurethane top layer of 4 mm thick is applied
- A matt, very tough and durable water based coating finishes the floor
- If required the game court linemarking can be installed with the durable and compatible Pulastic polyurethane water based linepaint. The floor is seamless, easy to maintain and can be applied in various colours

Name	Nominal thickness	Flooring type	Comfort	Load bearing capacity	Options
SP Track 160	16 mm	Indoor athletics & multifunctional sports	*****	*****	Complies with IAAF Requirements
