

PULASTIC® LEDZONE

HIGH PERFORMANCE FITNESS
FLOORING WITH STATE OF THE ART
LIGHT TECHNOLOGY

PULASTIC®
SPORTS FLOORING

A SIKA BRAND

THE ULTIMATE STEP TO HIGH PERFORMANCE FITNESS FLOORING USING STATE OF THE ART MOTIVATIONAL LIGHT TECHNOLOGY

LIGHT AFFECTS EVERYONE

Of all technological advances over the past century, nothing has completely altered our lives as much as light. Day and night, indoors and out, at home, in the work place, in stadiums, parks, hospitals and schools, on highway and at airports. When light is that fundamental to our modern lifestyle, why couldn't this change the way we use light to play sports or work-out in general?

PULASTIC® LEDZONE

The Pulastic® team has taken up this challenge more than 10 years ago and successfully introduced the multi-sports floor solution 'Pulastic® LedCourt®'. The way it works: with just a 'snap-of-a-finger' you can easily switch on and off various game lines: from basketball, to volleyball or any other sport. This creates an ultimate sports experience without other disturbing traditional painted game lines. Next to this, the Pulastic® LedCourt® is also integrated in ground breaking educational programs, based on gamification of traditional learning goals, to stimulate people to play sports, especially children.

Today? We hereby present the Pulastic® LedZone, a range of motivational fitness flooring solutions using advanced light technology for the ultimate workout.

THE ADVANTAGES OF THE PULASTIC® LEDZONE

- Coordinate music, light and timing, making it your bespoke, interactive and unique piece of equipment
- Gamification of fitness workouts with programs for training strength, mobility, power, speed, agility and much more
- Range of light options for functional training programs and mood enhancing effects
- The Pulastic® team has more than a decade experience in installing and maintaining Pulastic® floors with light technology
- Outstanding load bearing capacity and wear resistance for extremely low

cost of ownership and maximum usability

- Seamless, non-porous and smooth surface for easy maintenance
- Wide colour selection with outstanding colour fastness
- Unmatched sports performance for comfort and injury protection, making it superior to other light emitting floors
- Pulastic® fitness floors have been tested according to the most strict regulations with regard to sport safety

ULTIMATE FITNESS EXPERIENCE

Our decade's of experience - since 1965 - in the world of multi-sports flooring has been the corner in the development of the Pulastic® Fitness line solutions. Unmatched sports performance combined with a seamless, easy to clean surface. Even the lights in the Pulastic® LedZone are seamlessly integrated into a Pulastic® sports floor.

Because of the flexibility in design the Pulastic® LedZone fits perfectly into the latest functional and aerobic training concepts. Next to available standard training programs we also offer tailor-made programs which will exclusively be available for your fitness club or chain and easy to use through any device connected to the LedZone system. Even music, lights and timing triggers can be hooked onto a Pulastic® LedZone floor.

| Name | Description | Programs | |
|------------------|--|----------------------|-------------------------|
| LedZone Basic | Decorative light lines | 10 light effects | Sound & timing triggers |
| LedZone Pro | Functional light lines | 20 standard programs | Sound & timing triggers |
| LedZone Ultimate | Functional light lines | tailor-made programs | sound & timing triggers |
| LedZone Custom | Fully bespoke design and programming possibilities | | |
