

PRODUCT DATA SHEET

Pulastic® Deep Clean

Heavy duty cleaner for Pulastic sports floors

DESCRIPTION

A high quality sports floor deserves high quality maintenance products. That is why Sika Nederland B.V. offers Pulastic Deep Clean.

USES

Pulastic Eco Clean is produced and supplied by a company certified according to ISO 9001 for quality control, ISO 14001 for environmental care and ISO 26000 for environmental sustainability. ? Pulastic Deep Clean is a heavy duty cleaner for cleaning Pulastic sports floors with water or solvent (traditional) based coatings.

CHARACTERISTICS / ADVANTAGES

Pulastic Deep Clean is a periodic cleaner specifically developed for Pulastic (indoor) sports floors, and cleans pollutants like soap residues, grease, dirt and bacteria. Pulastic Deep Clean is suitable for removing certain stains as part of daily maintenance. See the instruction guide for stain removal. Pulastic Deep Clean is a synthetic cleaner with a pleasant, fresh scent. Pulastic Eco Clean is used in the second phase of the cleaning process (6 months after completion of the Pulastic sports floor). Pulastic Deep Clean should preferably be used in combination with a scrubber dryer. Pulastic Deep Clean must not be left to dry on the floor.

Packaging	Packaging 2 cans of 5 litres
Shelf life	
Storage conditions	Frost free
Colour	Transparent yellow
Consistency	Liquid
pH-Value	10

BASIS OF PRODUCT DATA

All technical data stated in this Data Sheet are based on laboratory tests. Actual measured data may vary due to circumstances beyond our control.

ECOLOGY, HEALTH AND SAFETY

APPLICATION INSTRUCTIONS

- Minimum dosage: 1 litre for 10 litres solution (10% = 1 :10).
- Firstly, fill the water tank of the scrubber dryer with the solution.
- Then, scrub the floor with a red pad (Scotch-Brite) and leave to sink in for a minimum of 5 minutes.
- It is not recommended to use of pads or brushes other than those prescribed. For example, hard or nylon brushes.
- The solution must then be vacuumed from the floor.
- Finally, rinse the floor with a Pulastic Eco Clean solution: 50 millilitres for 10 litres solution (0.5% = 1:200).
- See the Pulastic Eco Clean label, the safety data sheet and instruction guide for more information.
- See the Pulastic Deep Clean label, the safety data sheet and instruction guide for more information.
- We recommended using Deep Clean on a half-yearly basis as part of the standard cleaning regime. This includes: daily dust wiping, including removal of stains, weekly cleaning with Pulastic Eco Clean and periodic cleaning with Pulastic Deep Clean.
- For orders and/or questions about the application of Pulastic Eco Clean: e-mail: export@nl.sika.com or telephone: +31 570 62 07 44.

LOCAL RESTRICTIONS

Note that as a result of specific local regulations the declared data and recommended uses for this product may vary from country to country. Consult the local Product Data Sheet for exact product data and uses.

LEGAL NOTES

The information, and, in particular, the recommendations relating to the application and end-use of Sika products, are given in good faith based on Sika's current knowledge and experience of the products when properly stored, handled and applied under normal conditions in accordance with Sika's recommendations. In practice, the differences in materials, substrates and actual site conditions are such that no warranty in respect of merchantability or of fitness for a particular purpose, nor any liability arising out of any legal relationship whatsoever, can be inferred either from this information, or from any written recommendations, or from any other advice offered. The user of the product must test the product's suitability for the intended application and purpose. Sika reserves the right to change the properties of its products. The proprietary rights of third parties must be observed. All orders are accepted subject to our current terms of sale and delivery. Users must always refer to the most recent issue of the local Product Data Sheet for the product concerned, copies of which will be supplied on request.
